Thought I'd share photos of my grandfathers' parents Thomas & Margaret Daniels and 2 of his sisters Mary & May. My grandfather was born in the house under the viaduct in Beaufort, he was the youngest of eight.

When these photos were taken in Beaufort brick works auntie Mary and my mam May were earning 10 shillings and 3 pence a week, working 44 hrs, makes you think. Mam was wire-cutting and Mary was moulding at that time
